

FLAVORINGS BY

OliveNation

Your Secret Ingredient

Extracts, Emulsions, Flavor Fountains, Flavor Powders & Oils

ABOUT FLAVORINGS

EXTRACTS

OliveNation's premium flavoring extracts are the professional's choice in bakeries, breweries, restaurants, home kitchens, food and beverage production.

- Available in both water-soluble and oil-based formulations.
- Choice of Natural, plant-based, and organic ingredients.
- Manufactured by cold-pressing, steam distillation, and infusions.
- Certification choices: organic-compliant, gluten-free, Kosher
- All documentation on-hand at your disposal.

EMULSIONS

OliveNation's water-based baking emulsions are specially designed for ensuring precise flavoring in batters, doughs, and dairy products while minimizing bake-off.

- They can be used at a 1:1 ratio as a direct replacement for extracts.
- Available in a wide range of sweet, savory, sour, and umami profiles, including fruit, floral, herbal, and unique combinations.

FLAVOR FOUNTAINS

OliveNation Fountain Flavors are perfect for no-heat applications such as ice cream, beverages, frostings, and icing.

- For use in commercial ice cream makers, soda machines, and blenders.
- Flavors range from classics like butterscotch, French vanilla to exciting combinations like cotton candy, bubble gum, and NY cheesecake.
- They can use for crafting unique signature drinks and desserts.

FLAVOR POWDER

Our Spray-Dried Flavor Powders are a shelf-stable solution designed to withstand varying heat conditions.

- They retain their rich, authentic flavors throughout the manufacturing process.
- These formulations from NAT/WONF ingredients ensure consistency and reliability.
- With a shelf life of up to 24 months, they are effective for extended storage.
- Perfect for blending and brewing applications, ensuring even flavor distribution.

OILS

Our Oils are high-quality, food-grade oil-based flavorings designed to bring intense, long-lasting flavor to baked goods, confections, and even savory dishes.

- They require only ¼ to ½ teaspoon to replace one teaspoon of extract.
- Perfect for chocolate or candy making without causing the mixture to seize.
