The identity of the individual components of this product is proprietary information and is considered a trade secret pursuant to 29CFR 1910.1200.

Section 3 IDENTIFICATION AND GENERAL INFORMATION

ODOR AND APPEARANCE: Clear to light yellow free flowing liquid with a raspberry odor

Section 4 PHYSICAL DATA

SPECIFIC GRAV.	H ₂ O = 1.0
VAPOR PRESSURE	Mixture
SOLUBILITY IN WATER	Not Determined
VAPOR DENSITY	Heavier than air
BOILING POINT	Not Determined
MELTING POINT	Not Determined
STABILITY	Normal Stable

Section 5 FIRE AND EXPLOSION HAZARD DATA

HAZARDOUS COMBUSTION: Forms carbon monoxide and/or dioxide upon burning

FIRE FIGHTING PROCEDURES: Cool containers exposed to flame with water

EXTINGUISHING MEDIA: Foam – yes : Dry Chemical – yes : CO₂

DOT HAZARD CLASSIFICATION: N/A

Section 6 HEALTH HAZARD INFORMATION

RASPBERRY FLAVOR - TTB, NATURAL AAHR

Hazardous polymerization: None

This material is a mixture; the extract components of which are considered to be a trade secret. The hazard communication standard requires that such mixtures be assumed to present the same health hazards as components that constitute at least 1% of the mixture (.1% for carcinogens) although OSHA has noted that the hazards of individual components may be altered by including them in a mixture. Based upon this mixture the following health hazards may exist but are considered unlikely if adequate precautions are taken. This MSDS does not reflect safety in the final product.

HH1: Liquid may be irritating to eyes and skin or cause dermatitis. Prolonged breathing of vapors may cause dizziness or anesthetic effects. Follow good industrial practice.

Section 7 CONDITIONS/MATERIALS TO AVOID

Avoid excessive heat and strong oxidizing agents.

Section 8 EMERGENCY FIRST AID PROCEDURES

INHALATION: Remove person to ventilated area and follow normal First Aid procedures
