INGREDIENTS	Pineapple, Corn Syrup, High Fructose Corn Syrup, Citric Acid, Natural and Artificial Flavor, Sodium Benzoate, Potassium Sorbate and Sulfur Dioxide (preservatives).

PHYSICAL CHARACTERISTICS:

Our products are produced to meet a target specification at the time of production. Due to the nature of our commodity products, there are factors such as product maturity, variety, moisture level, and the growing conditions of each particular orchard which may cause a deviation from the target specification as the product progresses through a period of time and remains effective, useful and suitable for consumption.

pH	3.1 – 3.8
Brix	73 - 77
Net Contents	As declared on package.
Allergens	None
Shelf Life	2.5 years from date of pack when stored dry in original unopened packaging.
Country of Origin	USA
Storage Conditions	Store in cool, dry place 40-80° F

MICROBIOLOGICAL SPECIFICATIONS

Standard	Tolerance	Methodology
Aerobic Plate Count	Less than 1000 / gm	AOAC 900.12
Yeast & Mold Count	Less than 100 / gm	AOAC 997.02
Total Coliform	Less than 10 / gm	AOAC 991.14
E. Coli	Less than 10 / gm	AOAC 991.14

KOSHER CERTIFICATION:

Pareve

GMO STATEMENT:

This product contains corn syrup, which may be produced from genetically modified corn. When corn Syrup is made, only the starch portion of the corn is used. The modification made to corn is in the protein portion. Therefore, the corn syrup ingredient itself is not considered to be genetically modified, but it may have been made from a genetically modified botanical base. At this time, there is no source of corn syrup in the USA that will guarantee that no genetically modified botanicals were used, since even if they plant non-genetically modified corn, the cross pollination in the field may produce genetically modified corn.

****This product does not require Bioengineered labeling disclosure due to the absence of detectable genetic material and/or because it was produced with ingredients from a highly refined process.**
